

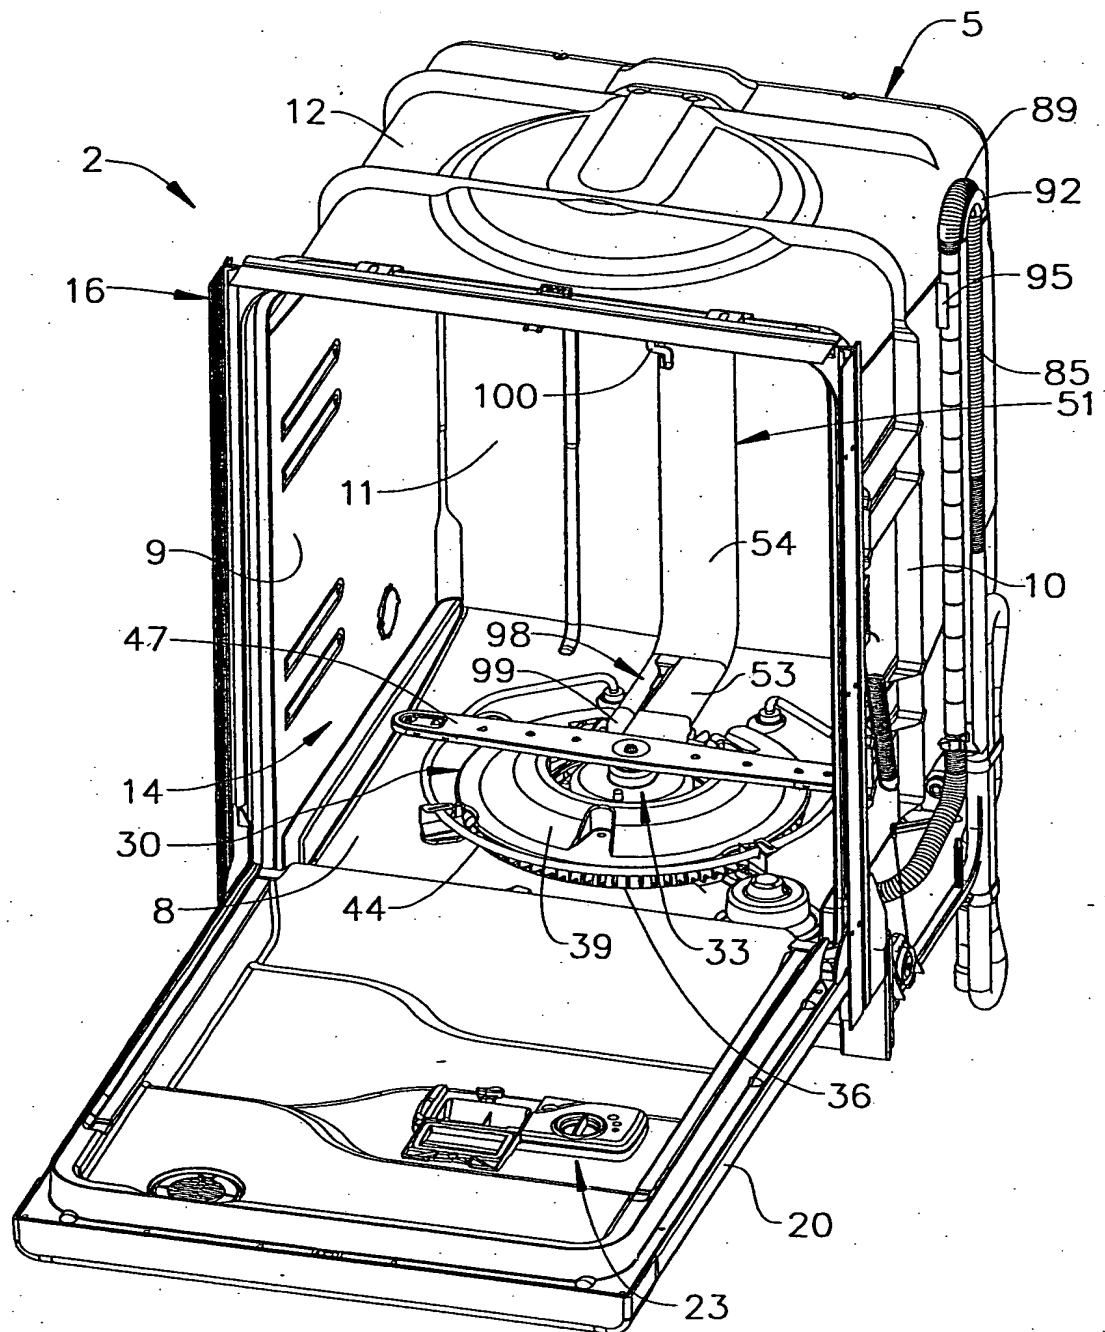

FIG. 1

This diagram shows an exploded perspective view of a front-loading washing machine. The main body (12) is shown with its door (16) open. The door is hinged at the top (10) and bottom (20) and has a handle (23) and a lock mechanism (30). The interior of the machine features a drum (39) mounted on a central shaft (53) with a motor (54) at the back. The drum is supported by a suspension system (51) and has a door seal (92) around its edge. The door has a window (104) and a handle (106). The machine is shown with various internal components like the motor (54), drum (39), and suspension system (51) labeled with numbers. The door is shown in an open position, revealing the interior components.
